Santander Commercial Card

How to Dispute a Transaction

Dispute Procedure

This procedure sets out what to do if you see a transaction on your statement you wish to dispute. A dispute is not the same as fraud. *Fraud* is when someone has your card details and makes a purchase for themselves using your card. If you suspect fraud call Customer Support immediately 24/7 at 800-856-1007.

A *dispute* is where you have been charged incorrectly. Common reasons for a dispute include:

- **An unauthorized charge** – For example you made a stationery order, but you did not authorize ongoing recurring deliveries.
- **Being over billed** – For example you were charged by the merchant twice for the same item, or you were charged the incorrect amount, say \$500.00 instead of \$50.00.
- **Merchandise not received** – you ordered and paid for items but they have not arrived.

Procedure

- First contact the merchant and raise it with them, keeping notes and copies of all correspondence.
- If the claim cannot be resolved with the merchant, contact Cardholder Support 24/7 at 800-856-1007 to initiate a billing dispute.
- Cardholder Support will gather the necessary information to begin the procedure and pass the case to the Dispute Department.
- The Dispute Department will send you a letter acknowledging the dispute (using the address on file in 360Control).
- You may be contacted to provide additional information at any stage. Please respond to any questions or requests for information as soon as possible or the dispute may be closed.
- The Dispute Department will submit the required dispute documentation on your behalf. Once this is submitted the investigation begins with the merchant. The merchant is allowed 45 days to respond. If a response is not received within 45 days, disputes are automatically resolved in favor of you, the cardholder.
- The Dispute Department will inform the cardholder of the resolution and make any refunds appropriate.
