Santander Select is a specialized program designed for affluent clients who desire a more personal approach to meeting their financial goals, needs, and priorities. Among the program's many benefits, clients have access to a personal banker, a dedicated suite of Santander's most valuable products, access to investment services as well as many additional complimentary features. Santander Select bankers have extensive training and work with clients to understand their short and long-term needs. Select bankers also partner with financial consultants that tailor strategies to help meet the client's individual financial goals.

Other Select privileges include access to Santander Select Member Services, a dedicated VIP direct service line; no fee access to more than 30,000 Santander ATMs globally for Select World MasterCard Debit Card holders; and no international transaction fee for debit card purchases.

"Our clients have told us how much they like the personal attention they get with Select and the peace of mind in knowing they are working with trained bankers and financial consultants who can help them make the most of their money," said Heather Kesner, managing director of the retail network at Santander. "Santander Select gives us the platform to build deeper relationships with our customers and provide guidance to help grow their personal wealth based on their individual financial goals."

Santander Select was launched in Boston and New York City in March 2014 and the Bank plans to continue to expand this service across its footprint in the northeastern United States. The service complements the Bank's current products and services to create the greatest value for customers' complex financial needs and goals.
