Press Release

SANTANDER’S MONEY MARKET SAVINGS ACCOUNT NAMED ONE OF 2016’S BEST BY NERDWALLET
Money Market Product Recognized as One of the Top Four Available at a Brick and Mortar Bank

BOSTON, April 12, 2016 – Santander Bank offers one of 2016’s “Best Money Market Accounts” according to the popular consumer finance blog, NerdWallet. This distinction comes as part of NerdWallet’s first-ever "Best Banks and Credit Unions" awards program, which highlights the year’s best bank and credit union products. Out of more than 50 financial institutions reviewed, Santander’s money market savings product stood out as one of the top four accounts available at a brick and mortar bank.

“As a respected source of consumer finance information, NerdWallet knows that people want to maximize their returns while being able to access funds easily,“ said Michael Cleary, Santander’s head of Consumer and Business Banking. “Santander’s FDIC-insured money market savings account is a standout because our customers’ balances grow faster than in traditional savings accounts while giving them that access through checks, online banking or mobile. We design our products so they reflect how people like to bank. NerdWallet’s recognition tells us that we’re getting it right.”

According to NerdWallet, Santander’s money market savings account is an excellent option for people who keep a lot of money in liquid savings and want a high interest rate. Requiring a minimum opening deposit of only $25.00, customers can waive the account’s $10.00 monthly fee by maintaining a $10,000 average daily balance or by maintaining a consumer Santander checking account. Nationally competitive rates are available for new accounts over $10,000. In its review, NerdWallet notes Santander’s Apple and Android mobile apps receive consistently high reviews, making Santander an especially good banking option for those who like to bank on the go.

"Santander offers customers with higher balances especially a best-of-both-worlds money market account, with a rate that’s nationally competitive and branch banking options that you can’t get with the online players," says Devan Goldstein, NerdWallet Banking Expert.

To determine the best accounts for its "Best Banks and Credit Unions" awards program, NerdWallet looked at more than 50 financial institutions: the largest U.S. banks based on assets, debit card volume and Internet search traffic, the nation’s largest credit unions with broad-based membership requirements, and other notable and/or emerging players in the industry.

Consumers can find out more about Santander’s money market savings accounts by visiting www.santanderbank.com/us/personal/banking/savings/money-market-savings-account.
