Alerts.

Mobile Banking
With Santander Mobile Banking, you can set up Mobile Banking Alerts to help you stay on top of your finances from anywhere, any time.

To set up your Mobile Banking Alerts, follow these simple steps:

1. Open your Santander Mobile Banking App and log in using your credentials (User ID and Password). Remember, it’s important to log out at the end of each banking session.

2. Tap the gear icon located on the upper left corner of your account overview screen.

3. Tab Manage Alerts in App Settings section.
On the Manage Alerts main screen. **Choose the account** you want to manage.

Choose the alert you want to define.

Some popular alerts are:

- Low balance alert
- Card not present alert
- Debit Card transaction alert
- Overdraft alert
6. Define your alert parameters and delivery method.

Tap Save.

7. At any time, you can adjust your Alerts Settings by tapping on the settings icon at the top right hand corner of the Manage Alerts main screen.

Adjust delivery of your alerts, pause alerts, and view your account history at any time.
Additionally, you can select the delivery method of your Security Notifications to be sent via Text or Push Notification by tapping the Security Alerts tab on the Manage Alerts main screen.

Success. It’s done.

Now, you’ll always be in the know. You can set up additional Mobile Banking Alerts or refine your settings at any time. It’s just one more way life is simpler with Santander Mobile Banking.
